Please provide any additional information about the incident:

I am reporting a case of financial fraud involving a WhatsApp group that added me under the pretense of providing profitable trading tips. The group admins assured me of high returns and convinced me to invest 9 lakh over time, promising to help recover any losses. I later discovered they were engaging in dabba trading, an illegal practice outside of regulated exchanges, which led to severe financial losses on my part. Despite their assurances, they have not taken any action to recover my funds. I urge a thorough investigation to help recover my investment and prevent others from falling victim to this fraudulent scheme. I am attaching supporting documents, including screenshots of conversations and payment receipts.
